

## Who we are

We are members of IEEE Mansoura (CS branch) Data Science circle.

We cooperated to make flight price prediction competition for data analysis, science and make a machine model expresses it.

- This folder contains a description about our project.
- And summary about it.
- Booking a flight may be a stressful thing
- Buyers may be not aware of factors that influence flight prices
- Through flight price prediction you can predict the price from previous sell history
